

Natco Pharma expands association with TAKE Solutions

Chooses PharmaReady to enhance R&D efficiencies

Chennai, April 16, 2009 -- NATCO Pharma Limited, one of the fastest growing pharmaceutical companies from India has associated themselves with TAKE Solutions Ltd. (BSE: 532890), leaders in Supply Chain Management (SCM) and Life Sciences products, for supplying their leading product PharmaReady eCTD Submissions Solution Suite and SPL Submission Suite.

Talking about the partnership, Mr. Srinivasan HR, Founder and Vision Holder, TAKE Solutions said that, "This new phase of our partnership with NATCO reiterates the usefulness that our solutions provide towards enhancing electronic regulatory submissions capabilities for our customers globally, which shortly is to become a mandate in all ICH countries. This demonstrates that our solutions are the best in class to organisations where ease of installation, ease of use, compliance and affordability are primary business drivers." He further added that, "Natco's upgrading their association with us ensures that they can now use TAKE Solutions' product PharmaReady eCTD Submissions Solution Suite and SPL Submission Suite to live up to their reputation of being the leading pharma manufacturers in India."

Mr. Dr.D.Linga Rao, Executive Vice President - Corporate Q.C&A, NATCO Pharma, said on the partnership that, "Our partnership with TAKE Solutions, enables us to do all regulatory submissions to ICH countries in the specified eCTD format and to provide even better services to our customers, without compromising on quality. Catering to clients like Ranbaxy, Dr. Reddy's Laboratories, among others, we can now look at expanding our huge range of products even more to satisfy their continuously growing needs globally."

With the Pharma sector growing at about 8-9% annually, India is looking at moving even higher up the ranks of the global pharma industry (Source: <http://www.pharmaceutical-drug-manufacturers.com/pharmaceutical-industry/>). TAKE Solutions' products play an important role in helping their clients to manage

their documents and carry out regulatory submissions electronically with strict compliance to the agency specifications, which would eventually help them, stay competitive in the future and compete globally.
